

To Whom It May Concern:

I am director of facilities at Granite Bay Golf Club in Granite Bay Ca. We recently updated our fitness center here at the club, a 400 sqft facility expanded to 860 sqft, MCP Construction Inc. & Mark Parsons held our hand through every step of the way.

I told Mark what we were trying to accomplish with specific needs in the way of equipment and atmosphere, with that information Mark placed our vision on paper and we were able to see the finished product before the first swing of a hammer. Consequently when the project was finished on time, I was very impressed with Mark and his crew's performance. The ability to maintain the vision with all the adjustments I made throughout the process, speaks to the professionalism, workmanship, communication skills of MCP Construction Inc.

MCP Construction Inc. will be my first call whenever I need any remodeling or new construction done. I refer friends and colleagues to Mark Parsons and will continue to do so.

Sincerely,

Mark Keller
